Attachment : CETI Report on renewable energy barriers - full report.docx;CETI Report on renewable energy barriers - summary.docx;

Hi Iain

Please find enclosed a summary note (6 pages) and a word version of the report based on the web version (unformatted). I will give you a call now.

Hardeep

Hardeep

If you do have some time today, could you spend some time reading through the first three links, and producing a 1-2 page note summarising what the Committee thinks the barriers are? That would be very useful for our work for DETI. Project code is MC341 for your timesheet.

Give me a call if any questions (020 7269 0220).

Thanks

Iain

Subject: ETI Committee report / Biogas energy in Ireland report

Iain,

Please see attached links as discussed yesterday. Fred has been at meetings most of yesterday and is out again this morning, will send through the information of the gas study as soon as it's available. Also as discussed, you may wish to have a conversation with Alison specifically about the 'Reconnect' programme, she is out of the office today but will be in next week, her number is 028 9052 9248.

Will send through video-conference details when I have them.

Many thanks,

Peter
