Hi Chris,

That sums up our discussions pretty thoroughly I don't think there is anything for me to comment on.

Thanks

Good afternoon Tom,

Did you have a chance to read this? I am up against a tight deadline with the paper.

Many thanks

Good to hear from you Tom.

I have attached a draft of my article for the paper. I am limited to 600 words, but I believe I have managed to get a succinct message across in relation to the de-rating of turbines.

Many thanks

Chris.

Hi Christopher,

Happy New year, I would be very interested to see the article once it's done. Our main guidance document that we refer people to is available here: <https://www.ofgem.gov.uk/publications-and-updates/renewables-obligation-guidance-generators-may-2013>

Kind Regards

Good afternoon Tom,

Happy New Year.

I am currently preparing an article for the local newspaper and I wanted to refer to our meeting in December. At which you highlighted the accreditation side and the derating of equipment.

This article would be a good way to "educate" members on what they need to know for a smooth accreditation path.

Is there any publication I could refer to?

Many thanks and I look forward to hearing from you.

Chris
