Good to hear from you Tanya,

Thanks for the update.

1

Did you get my message about not being able to make the meeting tomorrow? We need to rearrange and I will liaise with Samantha Young.

Chris

You had raised the proposal of the UFU joining RGLG before so I brought this up at the last meeting. NIRIG 's representative undertook to discuss this further with you as NIRIG is current representing small scale generation. I would expect a report back from Meabh on this issue in May and then it will be up to the group to determine if additional membership is appropriate. The TOR for the group is available on our web site if you would like more information. I am happy to support you joining and we can discuss this at our energy update meeting.

**Subject:** Renewables Grid Liaison Group [Scanned]

Good morning Tanya,

I trust you are well.

It has been a flurry of activity having received a follow-up email from your colleague Jody O'Boyle after our meeting and also communication from Meabh Cormacain at the Northern Ireland Renewables Industry Group regarding the RGLG.

The UFU believes that we would find it very beneficial to a sit on this group, in line with representing the interests of landowners currently or wishing to connect small scale (<250kW) turbines onto the 11kV network.

I would be grateful if would consider our request to join the group and let me know if you need any further information.

Many thanks.
