Hi Chris,

Unfortunately Tanya & Kevin are not available week commencing the 19th however they are free for a meeting on the 28th, 29th or 30th of September.

If you'd like to check with the other attendees to see what date suits best and let me know,

Many thanks

Chris

I would be happy to meet you to discuss further and have included Kevin O'Neill as he is involved in developing this area for the Utility Regulator. Sam will confirm options for the meeting.

Tanya

Importance: High

Good afternoon Tanya,

As you will be aware, the UFU are continuing to work with NIE on behalf of our members who are looking to connect small scale renewable technology to the electricity grid.

3

As well as the UFU receiving many calls in relation to questions over the cost of grid connection, we are now beginning to query whether NIE are pursuing the most cost-effective option when it comes to connecting small scale renewables. You will recall a question raised by my colleague David McElrea at the Small Scale RP5 pre-consultation meeting at your offices in June.

We are due to meet with Brendan Fox in early September and we were hoping to meeting with yourselves later in the month to discuss matters relating to grid connection and NIE.

How is week commencing 18 September looking to set up a meeting? The UFU delegation would be myself, Harry Sinclair (UFU Deputy President) and David McElrea (Chairman of Rural Enterprise).

I look forward to hearing from you.

Chris Osborne.
