Hi Chris can you forward a press comment and also do you want a UFU official pictured with the Minister or are you content to include a quote?

Im about Dundonald House next Monday and tuesday if you want to call up.

Gareth,

I trust you are well.

Just to say, I am still waiting to hearing back from the Ministers office. Can I just press ahead with a Press comment from the UFU?

Also, in the email below sent on 18 August I suggested that we meet up to discuss going forward. When would be good for you?

I look forward to hearing from you.

Chris

Gareth,

You told me about the possible ministerial involvement when we initially spoke at Greenmount at the AR/DARD event in June and I have been trying to factor this into our press article, but I am getting many calls from folk and I am quite frustrated at not being able to point them in the right direction. However, I am aware that we are dealing with both the DARD press office and the Minister's office so that will add to the wait. But thank you so far for your help so far.

On a more practical level, you will have seen the email JR sent after our meeting on 1 August, have you had a chance to look these? I think it would be a good idea if you and I were to meet up. The one common query I am getting regards the status of farms on the edge of towns and their classification as urban, when the landowner believes them to be rural.

I look forward to hearing from you.

I will talk to the Press office again, I think they want the Minister to be involved so its just getting a slot in her diary

Gareth,

Still no word from the press folk.

We are hoping to say something about early September at the latest, getting many queries from members as you would imagine.

I look forward to hearing from you.

Good morning Gareth,

7

I was wondering if you had a chance to look at this email as yet? The UFU are keen to put press out about this as we are getting a large number of queries from our members about this. I am due to meet with Joyce Rutherford shortly and would like to have an answer from yourselves before then.

Many thanks

Chris

Good afternoon Gareth,

When we spoke briefly after the DARD/AR seminar at Greenmount, i mentioned to you about the possibility of the UFU issuing a press article about Axis 3 funding for Renewable projects. You said that you would speak to the Minister's office as she might say something and the UFU would follow this up.

We are getting a lot of calls from members interested in the funding so i was wanting to know when could say something in the papers?

I look forward to hearing from you.
