Dear Chris,

I'm afraid that this is not a question that we can answer for data protection reasons. However, once accredited, all RO generating stations go into the 'Accredited Stations' report (in the public report section of our website) which contains the commissioning date as given to us in the application. This may give you a better idea of the date you are after.

Kind regards

Subject: (FW to DL) [Redacted] Wind farm, [Redacted] Northern Ireland [Scanned]

Good afternoon,

My name is Chris Osborne and I am the Renewables Policy Officer with the Ulster Farmers' Union based in Belfast.

Would you be able to tell me the precise date that [Redacted] Wind farm began to feed power to the Grid? The internet states "approx November 2011" but I am after the exact date on connection. Would you be able to tell me the exact date?

Many thanks for help.

Chris Osborne
UFU Policy Officer
