Subject: Wind energy workshop [Scanned]

Good afternoon Nigel,

1

Apologies that we did not get a change to have a chat at the workshop in Ballymoney, but time was not on my side. However, i found the workshop to be very useful and informative.

I have been inundated with calls from UFU members wanting more information on Wind turbines. I have had individual calls from member wanting information i was wondering

- a. Is there anyone who could give advice at your end over the phone?
- b. Are there plans for any further workshops?

One of the areas of particular interest for myself was the spreadsheet showing the economic viability of various turbines (depending on size). I have already emailed Anita Watt requesting this information but she has not replied. Is there anywhere i could get my hands on this spreadsheet model? A blank model would be more than adequate, all i need is the formula and calculation.

Many thanks and i look forward to hearing from you.

Chris Osborne
