Mike,

Can you confirm what specific input you are looking for here from Treasury?

Janet

John,

Friday 8.30am is ok with me.

If you remember you were going to let me have a copy of your report so that I can better understand the bio-mass piece in terms of cost, proposals from specialist "providers" etc. Please let me have this so that I am able to participate fully in the discussion.

Regards,

Mike

Dear Mike

Mike Mullan spoke to me last night. John Kennedy and I are to present to him on Friday morning our findings. I explained and stressed to him the significance of owning the actual RHI contract and what this means for Moy Park on whether they should own the biomass kit. He asked me whether I had spoken to you. I said that you and I had one session but you rightly had to go away and reflect on this. He was wondering whether you would have any time to sit in the meeting with him on Friday at 8:30am? Would this be possible? I am meeting John Kennedy at 2pm this afternoon, if you do have any feedback that you feel John and I need to discuss, please could you come back to me either by email or mobile. Personal information redacted by the RHI Inquiry Many thanks and my apologies for being the one asking the questions and not John Kennedy, but Mike was quite insistant!! John G

Dear Mark and Mike Many thanks for taking the time to see me yesterday. I hope you found it useful and constructive? As promised, please see attached the draft report I have written for Moy Park a month ago. It is my second draft and has some subtle changes from the first one I sent to John initially. Any queries, please come back to me? Many thanks John Gilliland
