[Discussion Document Large Scale Research and Education Facility.docx](#)

I did this document some months ago – the ability to raise the funds was a bit vague at that time.

Since then we have spoken to one large scale land owner and First Trust Bank – they are very positive about the potential to fund this with the bank lending up to 65% to a suitable high wealth individual.

The ability of Moy Park to leverage the RHI on this model is for me a significant factor to make this very attractive.

Paul you have agreed to take this to the executive for consideration next week –

I look forward to the outcome.

David
