The NI RHI scheme is changing to include a ratchet don mechanism in March 2016 called "regression" – same as GB

The actual budget for new applications post March moves from Westminster to Stormont.

It is felt that this will make an aggressive reduction in the rate from £0.064 post March but it's a political decision not yet made.

Our view is go for as much as you can before March

David

David can you call me on this
Does this reduce or disappear in March

David
