Alistair,

I know neither of us have the time however I do need to get something to David Trumble for the POFRE booklet – I have made a start as attached.

Alistair,

I found Rodrigo's inserts !!!

Also to get this out of the way - Also please find attached a draft of the POFRE article (our topic is Biomass Production and associated waste treatment). I have therefore summarised the biomass production and I know, it is old hat but the title i thought seemed to require it. Happy id you want to cut some out. I have then summarised the basics of ANSWER but again happy if you want to change, add, amend or redo.

Regards
Chris

Hi Alistair,

Do you have the box which contains Rodrigo's handout sheets? I seem to have the others but not that one?

Alistair Carson will join us at tomorrow afternoon's final Biomass day meeting. Are you ok sending me your ANSWER poster and I will pad out the ANSWER part of the POFRE article a little more for your approval?

Regards
Chris

Chris,

Yes there are still some spaces left for both the morning session (focussing on domestic RHI beginning at 10.30am) and the afternoon session (focussing on the non-domestic proposals starting at 2pm).

Let me know if you wish to attend one (or both) of these sessions.

Thanks,

Peter

Peter,

Do you have a RHI briefing in Belfast next week? Would there be any spaces left for me?
