Also i was looking at Pats idea. Might work well above 200kW actually in the correct building. There is no upper kph limit on the RHI for above 200kW. So now much closer to oil price if not a little below????

On 7 Dec 2015, at 11:26, Johnston, Chris <Chris.Johnston@afbini.gov.uk> wrote:

That's what I mean. Who would buy pellets over oil at the moment without the RHI? Unless of course you were stuck with biomass only.
