Dear All,

Below please see below email from Seamus Hughes regarding a meeting with BENI which we have been requesting for some 7 months and they previously cancelled at the last minute.

I am suggesting 4th/5th/7th/8th January as possible dates to meet here on our farm to discuss RHI, fuel sustainability, fuel quality assurance and boiler emissions. I will circulate the agreed date as soon as possible.

Good morning John

Apologies yet again John for us not being able to arrange a visit. Suffice to say it's been a mad couple of months in here and the dust is really only starting to settle now. I would be keen to progress with a visit in early January if we can agree a suitable day. Stuart may or may not be able to attend, (will depend on commitments), but I will come along and Peter Briggs from the team will accompany me. If you could get back to me with a couple of suitable dates we will get something in the diaries for early January.

Many thanks

Good morning John

Apologies for our tardiness around this. We have been up to our eyes over recent weeks working on the forthcoming changes to the non domestic RHI but once that is sorted and in place there should be an opportunity to arrange a visit. I will speak to Stuart and we will try to set the wheels in motion to get something sorted soon.

Seamus,  
I was just wondering whether you have had a chance to identify dates to come to our farm and meet a few beni representatives?  
I am aware there has been a lot going on regarding renewable energy policy but we would be keen to meet informally, as previously discussed.  
You had indicated a wish to get together sooner rather than later but as we are now into November the weeks are slipping by.  
Perhaps you could come back to me with a few dates, so we can get something in the diary.

Good morning John

Apologies for only getting back to you now but I just wanted to touch base to let you know I haven't forgotten about you. Still trying to get a few dates sorted here to offer you, there is quite a lot happening at the moment so its proving a bit tricky. However, Stuart and I are keen to come down to see your operation and I will get back to you over the coming days with some possible dates.

Apologies, I had read your message as July because you had previously indicated our planned meeting yesterday would be after annual leave.  
We were hoping to meet sooner than the end of August if you had dates available. I am however, away from 5th -12th August.

Stuart and I would have reasonable availability w/c 17<sup>th</sup> or w/c 24<sup>th</sup> August when most of the summer leave is over if that would work for you?

Looking forward to hearing from you in due course and then we can finalise the details.
