Hi Noel,

I think basically, as I picked it up, he seemed to suggest that the levels of RHI were way too high and the scheme would be too difficult to police. Also he mentioned a concern about wood fuel being burnt in open fires and not just stoves – I didn't think there was an issue here particularly.

Regards
chris

Hi Noel,

Good to see you last Friday evening – good fun I thought.
Document looks good but I was wondering what you thought about Joe's comments? I know that the things he brought up have been discussed at length but just wondered what you thought.

Regards
Chris

Hi All,

Following our meeting two weeks ago, and last Friday's IrBEA Management Committee meeting our documents (attached) have been approved and are now considered official IrBEA policy. I am keen to circulate the one pager to political parties as a suggestion for party manifestos, and to do this in the next few days.

Now the documents are agreed we must tighten up on the listing of companies supporting the initiative. As you can see we have a suggested list on the document. Can I ask you all as representatives of your companies to confirm if you wish your company logo to appear on the document – if I don't have your logo on the document at this moment please send the image to me. I plan to offer this to the full membership of IrBEA – with the aim of getting more members directly supporting the DBFG.

I will circulate the document for party manifesto purposes on Thursday evening.

Regards,

Noel Gavigan
