Subject: DETI meeting

Dear All,

Please see attached a brief outline as promised, regarding the main points for discussion when we meet with DETI staff on 8th January at 10.30am.

I would ask you to add any comments regarding these issues as well as any further points for discussion to the list, before circulating back to the group. If you can do this initially before Christmas please to allow as much time as possible for members to comment.

As many people as possible are welcome to attend the meeting at our farm (address below) however I would ask that you indicate whether you plan to attend or are unable to make it. Michael Hegarty, Irbea General Manager and Noel Gavigan Irbea Project Officer will be present, so it will be an opportunity to come along and meet them. We will have a separate discussion with them regarding issues for BENI members over the next period, so again please forward any items for discussion or raise them on the day.

Orlaith McVeigh who is based at Action Renewables will also attend. She is providing some admin support for BENI as well as helping revamp the BENI website. She will hopefully be able to provide some more details on this with a presentation about the proposed format with slides of the sample layout. Again we are keen to get this new site live early in 2016 to provide members with the best opportunity to promote their businesses.

If you really want BENI to address the issues concerning you please participate in the discussion and hopefully come along on the day.

Regards, John
