You should be aware of the email below which I have seen for the first time this afternoon. No actual new point, but clearer evidence re timing, and on how the sequence of events was described to officials.

Many thanks.

John

I have spoken to the Minister's PS about our Submission on tariff changes to the Non-domestic RHI scheme. He has confirmed that the SPAD has read this Submission and is seeking advice (presumably from their Party) before passing to the Minister. We should hopefully expect a decision during the last week in July when the Minister returns.
