**Subject:** Biomass boiler cost - Alternative Heat  
**Date:** 28 July 2015 16:35:15

---

Stuart

I had a phone call from Fergal Hegarty in Alternative Heat just now with some figures for us on average commercial biomass boiler costs. He indicated the following base costs for basic systems not including fuel stores etc:-

<b>20kW</b>	<b>£15k</b>
<b>99kW</b>	<b>£36k</b>
<b>150kW</b>	<b>£50k</b>
<b>199kW</b>	<b>£52-53k</b>

These are a little lower than we were expecting but then again this probably reflects the general reduction in biomass technology costs.

Regards

Seamus
