Our telephone conversation from this morning and my previous email from 22 July on application data refers. The table below reflects the non domestic RHI application position at 9 August and I have included installed capacity figures which I hope will be helpful to you. Again these figures are base on applications and will not all be accredited at this point. Of the medium biomass figure 565,( 75%), are 99kW boilers.

	Large biomass	Medium biomass	Small biomass	GSHP	Solar Thermal	Totals
<b>No of installs</b>	13	754	3	6	3	779
<b>Installed capacity kWh</b>	7691	67422	49	233	13	75408

Seamus
