Iain

There has been some slippage on the introduction of the non domestic RHI changes which were due to be in place from 4 November 2015. The latest assessment is that they will be in place from 11 November 2015.

Boiler installations completed, commissioned, meeting the RHI eligibility criteria and having applications submitted to Ofgem prior to the 11 November will be at the current RHI rates and those after this date will be under the new arrangements.

Seamus,

The Irish Farmers' Journal has submitted the following media enquiry:

"When are the changes to the Renewable Heat Incentive due to take effect and is this defined by the date of installation of the boiler?"

Could you advise?

Deadline 4pm.

Many thanks,

Iain.
