Paul

Our telephone conversation from Friday afternoon refers. As discussed the current RHI legislation does not provide for the relocation of accredited plant. However, this position is changing and under amendment regulations going through this month the relocation of accredited plant will be permitted.

Updated guidance will be available on the NI Direct once the new regulations are in operation.

I hope this is helpful to you.

Regards

Seamus

Thank you for your email. Yes, there has been some further slippage on the implementation date and it will not now be this week. Likely to be Wednesday 18 November.

To whom it may concern

Please can you confirm whether or not a 7 day extension now applies post 4 November to the change in the non-domestic tariff rates in NI. Any information that you have would be greatly appreciated.

Kind regards
