Dear Chris and Fergal,

Thank you for your RHI application for your biomass boiler at Spa Nursing Home. Your application is currently undergoing eligibility checks. While these are underway I have been passed your case to look in more detail at how your installation was funded.

You have already completed and sent us the first page of the RHI State Aid Declaration form. Please could you complete, sign and return the second page? Any de minimis State Aid you have already received, including the £ [Personal information redacted by the RHI Inquiry] de minimis value of your Carbon Trust loan, should be listed in the boxes on this page.

We understand that when you submitted your Carbon Trust loan application you were required to state the standard operating hours for your installation. Please could you let us know how many

hours you stated and whether this applies to one year or another time period? If possible, please provide the relevant pages of the loan application form to support this figure. You can send this information by replying to this email.

If you have any questions please don't hesitate to contact us.

With thanks and kind regards,  
Stacey
