

## NI RHI – EXPECTED APPLICATION VOLUMES

<b>Technology</b>	<b>Applications 1/11/12 to 31/3/15</b>	<b><sup>1</sup> New applications in year 2015/16 projections</b>	<b><sup>2</sup>New applications in year 2016/17 projections</b>
Biomass	585	624	686
GSHP	4	16	18
Solar	1	4	5
Biomethane	0	12	13
ASHP (air to air)	0	4	5
CHP (biomass and bioliquid)	0	2	3

<sup>1</sup> Assumes Jan to March application numbers across the year for biomass, GSHP and solar with stakeholder intelligence figure for biomethane injection on potential projects ready to proceed,( Thomas Forbes/Gas Alliance),estimate for CHP and estimate for ASHP based on GSHP uptake to date.

<sup>2</sup> 2016/17 projected as a 10% (or nearest), uplift on previous year in the absence of any other data at this point.
