John

Please see revised timeline below. Because of Halloween Recess, we're realistically looking at the first or second week of November for the Regulations to be in force.

If you're content, I'll amend the Business Case to confirm the changes will be introduced in early November and also let Ofgem know.

Thanks, Stuart

(Thanks, Seamus)

Subject: Time-line - Non domestic RHI changes

Stuart

Please see revised RHI changes time-line below:-

Key assumptions made are;

- **Final policy agreed and cleared by Minister by end of this week**
- **Final policy published late this week or early next**
- **Regulations cleared by DSO w/e 18 September at the latest**
- **ETI committee to consider the SL1 at its scheduled meetings on either 22 or 29 September**
- **Motion debate scheduled on either Tuesday 3, Monday 9 or Tuesday 10 November, (allowing for Assembly Recess from 24 October to 1 November)**
- **Regulations in force the day after motion debate.**

Happy to discuss.

Regards

Seamus
