Stuart

Thank you. I am content subject to one very minor change - 'had not' rather than 'has not' in the first line of para 7.

Chris,

I'm just off the phone with John who has asked for a few changes to the Submission which I'll make to the TRIM document in tracked changes. I agree that we probably don't need a Press Release so I've removed reference to it and instead included some Lines To Take in a new Annex C. Lines to Take on the domestic RHI are now included in Annex D. I attach the revised Submission.

I have included an extract from Trevor's note to DFP(attached) on the need for DFP approval at paragraph 7.

I you're content, I'll accept the changes and issue tomorrow.

Thanks, Stuart

Stuart

Thank you. I have spoken to Eugene, and we think that there ought to be a brief reference to the engagement with DFP to secure budget and reapproval – Eugene has suggested that the relevant paragraph from Trevor's recent note would fit the bill.

I'm not fully convinced on the need for a press release – is there a particular reason for suggesting it?
