Trevor

Further to our discussion yesterday, I attach a revised Business Case Addendum for the RHI along with the TRIM links to the various Annexes. Rather than incorporating tracked changes, I have highlighted the sections that have been updated in yellow. Please note that this is a new version of the document and has a new TRIM link (attached). We will also prepare a draft cover letter to accompany this Submission to DFP. But, as you helpfully suggested, if you're content with the changes, we could share the draft document(s) with DFP now to get some initial feedback.

We're trying to get a Casework Session arranged ASAP.

Thanks again for all your help.

Stuart
