---

Stuart

The internal audit plan for 15/16 includes reviews of both the domestic and non domestic RHI schemes. Work on the review of the domestic RHI started recently and it was originally planned that the review of RHI non domestic would take place in January 2016. At the Departmental Audit and Risk Committee meeting last week it was agreed that the review of Non domestic RHI should be brought forward and would commence immediately. Dovile Bagdonaite and Mark Cardwell will be in contact with you this week to discuss and agree the terms of reference for this review. I appreciate your co-operation in bringing this review forward, once it is completed we will then finish the review of Domestic RHI.

Happy to discuss

Michael Woods
