Trevor and I have been discussing. We consider there are several hostages in this which need considered. Will send through shortly.

Agree this should be added - but between 14 & 15.

Then we need a new heading "DFP Approval" before paragraph 16.

Many thanks.

[1] DECC's negotiations with HMT during the spending review resulted in a reduction in the RHI budget tfor 16/17, Whilst this presented no apparent difficulty for DECC, the corresponding reduction in our Barnett share further compounded the projected overspend in NI.

Andrew

One minor suggestion from me (footnote under para 11). There are a few typos and formatting changes required when the editing is complete.

The attached should hopefully include John's changes as well as my own. Grateful for careful review and addition of any missing information.

Grateful if someone could look at this asking the question if there is anything I would regret excluding or including when the NIAO has completed a study and I am preparing for a PAC attendance.

Many thanks.
