Importance: High

David

See attached for consideration and, if content to approve, for onward transmission to Private Office.

Happy to discuss and, for information the ETI Committee is aware that we are undertaking this work (they questioned us on it when we gave evidence at the Renewable Energy Inquiry); they are supportive of the RHI concept and want to see this particular economic appraisal progress as soon as possible so they can comment on the proposed 'shape' of the incentive itself.

Happy to speak, or in my absence on Tuesday/Wed next week, Alison Clydesdale will be available.
