Stuart,

I received Sylvia's out of office. I know you are totally up to your eyes - is there anyone on your side I could speak with regarding this proposal?

The key issues relate to how much involvement DFP would wish to have in the development of the scheme, approval requirements and the length of funding. A short discussion should suffice.

Thanks in anticipation.

Jill

Sylvia,

Welcome back.

I have been engaged with DETI's Energy Division with regards to the above proposed scheme. There are a number of points on which the relevant business area is seeking clarification, particularly in relation to DFP's role in the development and approval of the proposed scheme. I attach a summary of progress to date, which highlights the areas for consideration as raised by the relevant business area.

I would like to discuss this with you directly, but thought it would be useful for you to be aware of the background in advance.

I will give you a ring later this afternoon to discuss.

Thanks,

Jill
