---

Yes that's ok

We are good to go tomorrow to announce 29th

Tim,

We have queries from UTV and BBC re RHI. Are you content with this as a holding line?

Thanks

Karen

“The Minister has announced the proposed closure of both RHI schemes, subject to approval by the Assembly. If the legislation is approved by the Assembly, a notice will be published setting out the agreed closure date. If installations are completed, commissioned and applications submitted to Ofgem before the published closure date, they will be processed for accreditation.”
