Trevor,

I have received a copy of the DETI part input to COR 762.

In light of the response from Minister Foster, there is one issue that I need to flag up from a DFP perspective. It is of course the important protocol arrangements whereby DFP should lead on any discussions with HMT in relation to funding. Please ensure that this point is raised with the key individuals in DETI to ensure that any liaison with HMT is conducted by the appropriate people in DFP alongside our colleagues in DETI.

Thanks for your help and happy to discuss.

Stuart
