

RHI v Gas

Counterfactual based on oil.
Cost of oil higher.

- Wood Chip Pellets
- Geothermal
- Solar (Space Heating)
- Air Source Heat Pump.

Incentives (Grant) to make economic viable for people to put in.

Aimed At Domestic / Commercial / Light Industrial.

Primarily for Space Heating, in any of these areas.

Bring
On
Magh-UK
Statute.
Cookstown
Ennistellen.

No distribution network
Transmission not viable - w/o subsidisation
- Big Grant

= How Material

= How much gas volume does this equal to.

Concern on Gas Volume.

- existing gas customers?
- prospective gas customers who would switch from oil.

Small Margin could make a big difference.
