I have set aside £155k this year for these audits. This is on the basis of:

- (i) 230 Non Domestic Audits (10% of 2300 installations) at £500 each = £115,000
- (ii) 270 Domestic Audits (10% of 2700 installations) at £40,500

We will however need to bid for future funding (17/18 onwards).

In terms of the data protection issue as discussed I will speak to Rozzy Langford separately about our proposal advising her that we are seeking DSO advice but also happy to take onboard any advice that IMU might have around the issue.

Helen

I have copied you in on the draft letter and happy to incorporate any suggestions you might have before we send to Paul.

Many thanks
