Subject: Funding for the Renewable Heat Incentive in Northern Ireland
Date: 23 July 2010 11:58:18

Desiree

Nice to speak with you on Wednesday past regarding potential funding for any future renewable heat incentive.

As we discussed energy policy is devolved in Northern Ireland, and should our Minister decide that an RHI is the chosen route for Northern Ireland we will be required to make our own legislation in due course.

We keep in close contact with DECC on RHI, but could I ask that we are included in any future correspondence relating to how an RHI might be funded so that we can advise our Minister in a timely fashion.

Best Regards

Alison
