---

John,

Please see attached Energy part-input to response to the ETI Committee which is being collated by Shane Murphy's team. Our draft response is at the foot of the second attachment.

Returns are sought **by noon today**.

Thanks

Paul.

**Subject:** (Davina - 12 June ) ETI Committee Query LMU 52-14 - PFG progress report

Davina,

Please see attached query relating to our renewable heat target and a request for timeline against Phase 2 of Scheme (3d – second attachment).

Our part-input to the DETI response is due with EPD **by noon on Thursday (12<sup>th</sup>)**.

Happy to discuss/assist if I can.

Thanks

Paul.

**Subject:** FW: ETI Committee Query LMU 52-14 - PFG progress report

Dear all

The ETI Committee considered written briefing from the Department in respect of the PFG Progress to 31 March 2014 and have responded with the attached queries. Would you please consider the relevant query and provide a response to EPDadmin by noon Thursday 12 June. Also attached is the update table which was provided to the committee.

Question	PfG Commitment	Response from
3(a)	1,3 and 5	Invest NI
3(b)	4	EPU, ASU
3(c)	6	Tourism Policy
3(d)	13	Energy
3(e)	27	EPU
	48	Business Regulation

regards

Elizabeth

## DETI PfG COMMITMENTS – PROGRESS REPORT TO 31 March 2014<sup>1</sup>

PFG COMMITMENT		MILESTONE TARGETS		PROGRESS UPDATE AT 31 MARCH 2014
1	Contribute to rising levels of employment by supporting the promotion of over 25,000 new jobs *2012/13 milestone includes 2011/12 figures	12/13	*Promote 13,300 jobs	<b>13,870</b> jobs promoted. (cumulative)
		13/14	Promote 19,500 jobs (cumulative)	<b>Q4 update – to 31/3/2014 – 23,783</b> jobs promoted (cumulative)  Invest NI has recorded a successful year in terms of job promotion with 10,800 jobs promoted. On a cumulative basis 23,783 jobs have been promoted between April 2011 and March 2014 against the PfG target of 25,000 by March 2015.
		14/15	Promote 25,000 jobs (cumulative)	
3	Achieve £1billion of investment in the Northern Ireland economy  *2012/13 milestone includes 2011/12 figures	12/13	Secure total investment of £550m*	Total investment of <b>£784m</b> secured.
		13/14	Secure total investment of £320.5m	<b>Q4 update – to 31/3/2014</b> Over the course of the year, Invest NI secured investment totalling <b>£775m</b> in the NI economy against this target. The individual investment contributions across the various categories to this overall outturn are as below: <ul style="list-style-type: none"> <li>• <b>£432m</b> through Locally Owned Rebalancing;</li> <li>• <b>£198m</b> through Externally Owned Rebalancing;</li> <li>• <b>£145m</b> through Jobs Fund Rebuilding.</li> </ul> On a cumulative basis between the 1 <sup>st</sup> April 2011 and 31 <sup>st</sup> March 2014 total investment stands at <b>£1.5bn</b> against the four year PfG target of £1bn.

<sup>1</sup> (Where actual figures are given, they are based on the most recent full quarterly data)

PFG COMMITMENT		MILESTONE TARGETS		PROGRESS UPDATE AT 31 MARCH 2014
		14/15	Secure total investment of at least £1billion	
4	Increase the value of manufacturing exports by 20%	12/13	Increase the value of manufacturing exports by 6%*	<p>The value of manufacturing exports in 2012/13 was £5.67 billion, <b>0.9% lower</b> than the value recorded in 2010/11. While the value of manufacturing exports recorded in 2011/12 was 4.8% higher than that recorded in 2010/11, there was a decrease in the value of manufacturing exports (-5.5%) in the year to 2012/13.</p> <p>This decline reflects the on-going difficulties with key trading partners, particularly the Republic of Ireland where the impact of the downturn has been more pronounced than anticipated. Manufacturing exports to the RoI declined by almost £64 million between 2010/11 and 2012/13.</p> <p>It should be noted that progress in the BRIC and CIVETS economies has been very positive, albeit from a relatively low base. Manufacturing exports to these emerging economies increased by £85 million or 35.5% from 2010/11 to 2012/13. This is against a complimentary NI Economic Strategy commitment to increase manufacturing exports to emerging economies by 60% over the current PfG period. Manufacturing exports to the BRIC and CIVETS economies accounted for 5.8% of total exports in 2012/13.</p> <p>Invest NI continues to offer extensive support to drive forward export growth, with over 85 trade missions and other trade events planned before the end of 2012/13 and a range of further initiatives now being prepared for the 2013/14 financial year.</p>
		13/14	Increase the value of manufacturing exports by 7%	<p><b>Q4 update – based on latest available data to 31/12/2013</b></p> <p>For the 12 month period ending 31<sup>st</sup> December 2013, NI Manufacturing Exports totalled £6.0bn. This equates to 6.1% growth on the baseline year (2010/11 financial year) when manufacturing exports totalled £5.6bn. Although this demonstrates marked improvement on the baseline, and business surveys suggest confidence is returning and economic conditions are improving, it is not anticipate that NI businesses will be able to</p>

PFG COMMITMENT		MILESTONE TARGETS		PROGRESS UPDATE AT 31 MARCH 2014
				deliver the 13% growth rate required to meet the three year PfG milestone by 31 <sup>st</sup> March 2014.
		14/15	Increase the value of manufacturing exports by 7%	
5	Support £300m investment by businesses in R&D, with at least 20% coming from SMEs	12/13	Support £150m investment in R&D	<b>£168m</b> investment in R&D supported. 43% or £72m of this investment came from SMEs
		13/14	Support £75m investment in R&D	<p><b>Q4 update – to 31/3/2014</b></p> <p>Over the course of the year, Invest NI secured business investment in R&amp;D totalling <b>£239m</b>. This included support for Invest NI's largest ever R&amp;D project undertaken by Bombardier and totalling £119.5m.</p> <p>On a cumulative basis, Invest NI's performance during 2013/14 has exceeded the four year PfG target. Between the 1<sup>st</sup> April 2011 and 31<sup>st</sup> March 2014 total business investment in R&amp;D stands at <b>£402m</b> against the four year PfG target of £300m. Of this total R&amp;D investment, £111m or 28% has been secured from SMEs.</p>
		14/15	Support £75m investment in R&D	

PFG COMMITMENT		MILESTONE TARGETS		PROGRESS UPDATE AT 31 MARCH 2014
6	Increase visitor numbers to 4.2 million and tourist revenue to £676m by December 2014.	12/13	Increase visitor numbers to 3.87 million and tourist revenue to £597m by December 2012 <sup>2</sup> .	<p>The 2012 Annual Tourism Statistics Report was published by NISRA on 4 July 2013.</p> <p>The PfG milestones for 2012 have been achieved and we are on track to meet visitor number and tourism revenue targets for 2014. There were <b>3.97m total overnight visitors</b> to NI in 2012 (against revised PfG 2012 target of 3.87m) with <b>associated expenditure from these visitors at £683m</b> (against revised PfG 2012 target of £597m).</p>
		13/14	Increase visitor numbers to 4.1 million and tourist revenue to £637m by December 2013 <sup>1</sup> .	<p><b>Q4 update – to 31/3/2014</b></p> <p>The latest Tourism Statistics Report for NI which relates to the first 9 months (January to September) 2013 was published by NISRA on 6 February 2014. The key outcomes are: There were 3.2m total overnight visitors to NI during the first 9 months of 2013 (+8% on same period 2012 and 78% of the 2013 target of 4.1m) with associated expenditure from these visitors at £539m (+6% on same period 2012 and 85% of the 2013 target of £637m). Based on these figures for the first 9 months of 2013 and comparisons with progress at the same stage in previous years and the NISRA rolling 12 month figures to September 2013 (which show an 8% increase in visitor numbers and a 10% increase in expenditure when compared to the year to September 2012), we are on track to achieve and exceed targets for 2013.</p>
		14/15	Increase visitor numbers to 4.2 million and tourist revenue to £676m by December 2014.	
7	Aid liquidity of SMEs through a £50m loan fund.	12/13	Support 50 SMEs by providing loans valued at £8m	<p><b>30 SMEs supported</b> by providing loans valued at <b>£6.9m</b>. Due to the delay in the Fund launch it will not be possible to meet the 2012-13 milestone targets. However there is evidence of a strong pipeline of viable investment opportunities which indicates a high level of confidence that the shortfall against the 2012-13 milestone</p>

<sup>2</sup> DETI revised the milestone targets internally to reflect a desire to maximise the benefits that can accrue from these two important years (2012/13 and 2013/14) for local tourism.

				will be recovered in subsequent years and the overall loan value target for 2015 will be met. There remains some risk whether the number of loans made by 2015 will achieve the original target as the manager must ensure that undue risks are not taken which may impact on the future availability of private funding.
		13/14	Support 50 SMEs by providing loans valued at £10m	<b>Q4 update – to 31/3/2014</b> Good progress has been made during 2013/14 which has retrieved the 2012/13 shortfall with <b>£20.1m</b> of loans offered at 31 <sup>st</sup> March 2014 against the PfG Milestone of <b>£18m</b> . Although the volume of loans is likely to be behind the level initially anticipated, Invest NI remains confident that the £28m PfG target will be delivered.
		14/15	Support 50 SMEs by providing loans valued at £10	
13	Encourage achievement of 20% of electricity consumption from renewable sources and 4% renewable heat by 2015	12/13	12% electricity consumption from renewable sources and 2% renewable heat	The renewable generation target of 12% by 2012/13 has been exceeded. The seasonal adjusted average figure for renewable generation to end <b>March 2013 is 13.7%</b> . The main means of achieving the renewable heat target is through the introduction of the Renewable Heat Incentive (RHI) and the Renewable Heat Premium Payment Scheme (RHPPS). The RHPPS was introduced in May 2012 and the RHI in November 2012. Since the RHPPS was introduced grant assistance for around 740 domestic installations has been offered. This equates to £1.1 million committed expenditure from DETI and a total investment in the sector of some £3.6 million.
		13/14	15% electricity consumption from renewable sources and 3% renewable heat	<b>Q4 update – to 31/3/2014</b> The seasonally adjusted average figure for renewable generation to end February 2014 is 19%. The main means of achieving the renewable heat target is through the introduction of the Renewable Heat Incentive (RHI) and the Renewable Heat Premium Payment Scheme (RHPPS). The RHPPS was introduced in May 2012 and the RHI in November 2012. To date, 134 applications have been received under the RHI representing a heat capacity of 16.2MW. Under the RHPP, DETI has received 1645 applications and has

PFG COMMITMENT		MILESTONE TARGETS		PROGRESS UPDATE AT 31 MARCH 2014
				offered support of over £2.24 million. The heat capacity of these installations is 13.5MW.
		14/15	20% electricity consumption from renewable sources and 4% renewable heat	
18	Provide financial and other support across government to ensure the success of the Our Time Our Place Initiative in 2012 including marking the centenary of Titanic's Maiden Voyage.	12/13	Support the 2012 events programme	<b>All 8 major events have happened.</b> The final event, the 50th Belfast Festival at Queens, took place during October/November 2012. The events have predominantly been a huge success, and include the opening of Titanic Belfast visitor attraction and the Titanic Festival, opening of the Giant's Causeway visitor centre, Clipper Maritime Festival and the Irish Open at Royal Portrush.
		13/14	Achieve the legacy benefits from Our Time Our Place	<b>Q4 update – to 31/3/2014</b> All key objectives of the ni2012 Our Time Our Place initiative have been met to date. Significant tourism events held in 2013 include the UK City of Culture 2013 in Derry~Londonderry, the hosting of the G8 Summit of world leaders in Fermanagh, and the World Police and Fire Games 2013 held in Belfast. These events have made a significant contribution to PfG targets (PfG 6) of increasing the visitor numbers and tourist revenue which are on track for achievement. The Big Start of the Giro d'Italia will take place in Northern Ireland in May 2014.
		14/15	Achieve the legacy benefits from Our Time Our Place	
24	Develop a strategic plan for the Agri-food sector	12/13	New Agri-Food Strategy Board in place and operational; strategic vision completed and agreed; funding options explored and identified	<b>The Agri-Food Strategy Board (AFSB) formally handed over its Strategic Action Plan (Going for Growth) to Ministers on 16 May 2013.</b> The Strategic Action Plan contains a vision for the agri-food industry, growth targets and 118 recommendations for action by the Executive and industry. The next step is for DARD and DETI to engage with other Departments on the way forward.

PFG COMMITMENT		MILESTONE TARGETS		PROGRESS UPDATE AT 31 MARCH 2014
		13/14	Strategic Vision implemented via the Food Strategy Board and performance against targets reviewed.	<b>Q4 update – to 31/3/2014</b> The AFSB published its strategic plan for the agri-food sector, "Going for Growth" in May 2013. The plan has been assessed by relevant Departments and a proposed Response has been circulated to Ministers for comment. Executive consideration of the proposed Response to "Going for Growth" and an associated action plan is expected in the near future. Progress continues to be made by Government and industry in implementing some agreed actions.
		14/15	Strategic Vision implemented via the Food Strategy Board and performance against targets reviewed.	
27	Develop and implement a Strategy to reduce economic inactivity through skills, training, incentives and job creation	12/13	Develop a Strategy	A baseline paper, providing an analysis of the levels and reasons for economic inactivity in NI and giving a comparison with other parts of the UK and the Republic of Ireland, has been circulated to the Executive. It is expected that a draft Strategy will be considered by the Executive, ahead of a period of public consultation, in Autumn 2013.
		13/14	Implement key actions from the Strategy	<b>Q4 update – to 31/3/2014</b> A public consultation was launched on 23 January and ran until 17 April 2014. Following the conclusion of the consultation period, a final draft strategy is being developed for Executive approval, prior to commencing the implementation phase in the latter half of 2014.
		14/15	Further implementation of key actions from the Strategy	
48	Develop and implement a Financial Capability Strategy for consumers.	12/13	Develop a Strategy	The Draft strategy, together with Evidence Base, was completed on target and submitted to the Executive during March 2013 for approval.

PFG COMMITMENT		MILESTONE TARGETS		PROGRESS UPDATE AT 31 MARCH 2014
		13/14	Implement key actions from the strategy	<b>Q4 update – to 31/3/2014</b> The Financial Capability Strategy and Action Plans were noted and cleared by the ETI Committee on 20 February 2014, before submission to the Executive. Work has commenced on the implementation of a number of the actions within the Plans.
		14/15	Further implementation of key actions. Assess and report on impacts of strategy implementation.	
65	Support the successful hosting of the 2012 Irish Open and build on that success to secure a further international golf event.	12/13	Successfully host the 2012 Irish Open	<b>The Irish Open 2012 was successfully hosted</b> at Royal Portrush and attracted record breaking European Tour attendance figures of over 130,000.
		13/14	Secure Irish Open for Northern Ireland in 2015	<b>Q4 update – to 31/3/2014</b> Following the hosting of a very successful Irish Open in 2012 at Royal Portrush, the European Tour announced on 3 April 2014 that the Irish Open will return to Northern Ireland in 2015 and 2017.
		14/15	Develop plans and project arrangements to host the Irish Open in 2015

## **ENTERPRISE, TRADE AND INVESTMENT COMMITTEE REQUEST**

### **ISSUE: QUERY FROM THE ETI COMMITTEE IN RELATION TO THE PROGRAMME FOR GOVERNMENT PROGRESS REPORT TO 31 MARCH 2014**

#### **Purpose**

1. The purpose of this note is to ask you to consider a request for information from the ETI Committee.

#### **Background**

2. At its meeting on 5 June 2014 the ETI Committee considered written briefing from the Department in respect of the PfG Progress to 31 March 2014.

#### **Information Sought by the ETI Committee**

3. Members asked the following:
  - a. The 2013-2014 target for PfG Commitment 1 is exceeded by 22%; Commitment 3 is exceeded by 142% and Commitment 5 is exceeded by 218%. Commitment 5 includes Invest NI support for a Bombardier R&D project totalling £119.5m. Even excluding this project, the target for Commitment 5 is exceeded by 59% and the overall target for the PfG to 2015 is almost met. The Committee has previously been informed that the PfG targets will not be changed. Members therefore suggest that internal targets are set for 2014-2015 to enable appropriate measurement against performance;
  - b. The 2013-2014 target for PfG Commitment 4 has not been met. The target relates to increasing the value of manufacturing exports. The Department concedes that the overall PfG target is unlikely to be met. Members have asked for an estimate of the extent of the shortfall. For Example is it envisaged that the in-year target for 2014-2015 will be met or exceeded?;
  - c. Tourism figures for 2013-2014 are not yet available in respect of PfG Commitment 6. Members have asked the Department for an estimate of

when the figures will be available and to forward an updated progress report in respect of PfG Commitment 6 at that time;

- d. Figures for 2013-2014 for progress against the target for percentage of electricity consumed from renewable sources is provided however specific figures are not provided for the level of consumption from renewable heat against the 3% target. Members have asked the Department to provide a specific figure for the current level of heat from renewable sources and for the Department's views on whether the 4% target for 2015 is likely to be met or exceeded. Members have also asked for a timeline regarding phase 2 of the RHI; and
- e. PfG Commitment 27 relates to a strategy to reduce economic inactivity. Commitment 48 relates to the Financial Capability Strategy. Both these commitments seem to be behind schedule. Members have asked the Department to report on the reasons why and for more detail on progress with these strategies.

I attach an answer template for completion at Annex A.

### **Reply to the Committee Request**

- 4. As per my guidance note of 23 June 2008, the DETI Minister, Arlene Foster, has asked to see and clear **all** information, e.g., policy or factual information requested by the Committee.
- 5. The reply to this is due with the ETI Committee Clerk by **Friday 20 June 2014 at the latest. (Note: This should be quoted at the "Timing" section of your Ministerial submission).**
- 6. **Please send your response to the Private Office (cc: [lm@detini.gov.uk](mailto:lm@detini.gov.uk), and [david.mccune@detini.gov.uk](mailto:david.mccune@detini.gov.uk)), for Minister's consideration and clearance) on or before COP Friday 13 June 2014. When cleared by the Minister DETI LMU will arrange for this to be issued to the ETI Committee Clerk.**
- 7. **If you believe you will be unable to meet this deadline please discuss with me as soon as possible. I will try to negotiate a revised deadline with the Committee Clerk.**

### **FOI Implications**

- 8. **Please advise the FOI Status of your response.** When considering the FOI implications of the submission to the Minister you should be aware that the Committee may also be asked, under FOI, to release any information received by it

from the Department. We will advise the Committee Clerk of any exemptions you consider relevant when we submit the briefing. Please note, however, that the final decision on release of information rests with the Committee.

**Queries**

9. If you have any queries about this request contact me or John Murray (ext: 29637).

**David McCune**  
**(Ext: 29422)**

## REQUEST TO DETI FROM THE ETI COMMITTEE

At its meeting on 5 June 2014 the ETI Committee considered written briefing from the Department in respect of the PfG Progress to 31 March 2014.

Members asked the following:

- a. The 2013-2014 target for PfG Commitment 1 is exceeded by 22%; Commitment 3 is exceeded by 142% and Commitment 5 is exceeded by 218%. Commitment 5 includes Invest NI support for a Bombardier R&D project totalling £119.5m. Even excluding this project, the target for Commitment 5 is exceeded by 59% and the overall target for the PfG to 2015 is almost met. The Committee has previously been informed that the PfG targets will not be changed. Members therefore suggest that internal targets are set for 2014-2015 to enable appropriate measurement against performance;
- b. The 2013-2014 target for PfG Commitment 4 has not been met. The target relates to increasing the value of manufacturing exports. The Department concedes that the overall PfG target is unlikely to be met. Members have asked for an estimate of the extent of the shortfall. For Example is it envisaged that the in-year target for 2014-2015 will be met or exceeded?;
- c. Tourism figures for 2013-2014 are not yet available in respect of PfG Commitment 6. Members have asked the Department for an estimate of when the figures will be available and to forward an updated progress report in respect of PfG Commitment 6 at that time;
- d. Figures for 2013-2014 for progress against the target for percentage of electricity consumed from renewable sources is provided however specific figures are not provided for the level of consumption from renewable heat against the 3% target. Members have asked the Department to provide a specific figure for the current level of heat from renewable sources and for the Department's views on whether the 4% target for 2015 is likely to be met or exceeded. Members have also asked for a timeline regarding phase 2 of the RHI; and
- e. PfG Commitment 27 relates to a strategy to reduce economic inactivity. Commitment 48 relates to the Financial Capability Strategy. Both these commitments seem to be behind schedule. Members have asked the Department to report on the reasons why and for more detail on progress with these strategies.

## DEPARTMENTAL RESPONSE

### Energy Part-input:

- (d) Modelling for the Renewable Heat Incentive (RHI) economic appraisal indicates that the scheme will enable Northern Ireland to achieve 10% renewable heat by 2020. That being the case, the 4% target by 2015 is deemed to be achievable. However, progress on renewable heat is difficult to monitor, as unlike renewable

electricity there is no central heat network. It requires specific analysis to give a snapshot and it would not be value for money to continually take such snapshots. The mid-point review of the Renewable Heat Incentive is due in 2016 for definitive assessment, however, DETI plans to carry out some work to produce a reliable estimate during 2014/15. Further to the PfG update provided to end March 2014, DETI can now report that as at 31 May 173 applications had been received under the RHI representing a heat capacity of 18.9MW. Of these applications 115 have received accreditation with a total heat capacity of 12.8MW. Under the Renewable Heat Premium Payment Scheme, support of over £2.4 million has now been offered. The heat capacity of completed installations is currently around 14.5MW.

DETI is currently seeking final approvals for the domestic aspects of Phase 2 of the RHI and hope to make an announcement over the Summer period. It is the Department's intention that, subject to approvals and appropriate legislative cover being in place, the scheme could be open to applications in the Autumn.
