

16/2/16. Telecom with DECC - Andy Davey
 Amber Rudd letter + consultation proposals

NI contribution to UK Renewable target
 Extra carbon saving in NI

Opening ETS scheme of to NI?

- Not sure how this would work not on radar
- If NI planned as a separate on resource to live within means

is it possible to get people to work
 could be 16-17 years to come back into the black

Why reports NI scheme - different market is
 make it seem different. Also probably
 always to have a report to NI scheme

no published stats to date but no plan to
 do so - now 6% renewable heat.

is it used to fund open admin of NSL domestic
 scheme

Audit of non domestic scheme jointly between
 open + DECC - sample 10% first
 retrospective cap first but by my delays
