**Date:** 23 April 2013 23:11:58

Hi Peter

Further to my earlier email, as we haven't been able to catch-up and I'm now out of the office until 7 May, I'm forwarding you a list of policy leads and contact details in case you need info before my return. DO you have anything similr for your area or are you still the 'Heat' lead (apologies if that's incorrect)?

Best wishes

Nicola

Policy area	Lead	Email	Tel no.

Hi Peter

I'm conscious that this didn't happen. Are you available on Monday or Tuesday this week coming? Also, we've just received your ministers letter on the RHPP – so perhaps we could talk about policy contacts at the same time?

I think when we discussed this before, you were the only 'renewable heat' official – is that still the case and are you also covering the RHPP portfolio?

Look forward to speaking

Best wishes

Nicola

Hi Nicola,

Thanks for this – would be free to chat on Thursday afternoon or Monday afternoon.

Thanks,

Peter

Hello Peter

Apologies for the delay in getting back to you. Are you available this Thursday or early next week for a call?

Best wishes

Nicola

Nicola,

Thank for sending this through.

I would be keen to chat to some of the RHI team to about a range of issues as we are currently carrying out design work for Phase 2 of the NI scheme and plan to carry out a consultation before the summer.

Specifically, I'd be keen to understand more the reasons behind the delay of the domestic RHI and the development and implementation of new tariffs for the commercial scheme. It would also be useful to find out where you are with the State Aid application and the legislative timetable.

Grateful if you would advise on the best point of contact.

Thanks,

Peter

Hello Peter

Please find attached a copy of a written ministerial statement and press notice which has just been published. This sets out our plans for low carbon Heat (the Heat Policy Document) and next steps on the RHI. It flags a revised timetable which moves the RHI delivery to a later date.

If you would like to discuss this in further detail, please give me a call.

Best wishes

Nicola
