All

Please find attached the latest RHI/RHPP update, if you would like further information on any of the issues please let me know.

I've also attached a contact list for the team. Although I will act as a central contact and happy to deal with any questions or pass you onto the right policy lead this won't replace any existing dealings you have with people in the wider RHI team here who may already be in touch with you on issues of detail.

Kind regards

Nicola
