Sam,

Please see attached revised business case for the Economic Appraisal of a NI RHI.

In advance of this being submitted to DFP Supply for approval DETI Economists must also consider and approve. I know that you commented on the draft Terms of Reference but can not remember if you officially saw/commented on the initial business case.

I would be grateful if you, and appropriate colleagues, could consider the attached business case and advise on whether or not you are content. This business case has been approved by Fiona Hepper and is currently with David Sterling before going to the Minister for consideration.

Grateful for a response asap.

Happy to discuss.

Thanks,

Peter
