Fiona

REF 1 (AME) - Finance commission on foot of dfp exercise - likely January, normally these exercises don't amount to much more than figurework, will revert if there is an indication that substantive inputs would be required.

Ref 2, Potential bid - as regards advising - for what my opinion is worth - putting a bid together, submitting etc would involve work by both you, me and our hard-pressed teams which will ultimately lead to no output in terms of additional funding for DETI. I will of course input/do what is required should the collective wisdom/decision be that we should bid.

3 - covered in an earlier email.
