Alan

I attach a work request form as a follow-on from work request ACX/RHI 001. This work will ultimately provide the Department with a final version of Renewable Heat Regulations .

You will see in the attached form that the work has been set out in 3 stages. We would request you to estimate the anticipated work for all 3 stages and to get to a final version of NI RHI Regulations.

Please see the link below to the Department's consultation on the Development of a Northern Ireland Renewable Heat Incentive.

We request a quote only at this stage.

If you need any more information, please don't hesitate to contact me

Many Thanks

Susan

Date: August 2011

Work request Ref no:	ACX/RHI 002
Issue:	<p>The current draft RHI Regulations are currently being consulted upon. These will require further revision following consultation and the final design of the policy to take into account the specific issues within the NI RHI, different to the GB RHI. There are specific issues to address which may include:</p> <ul style="list-style-type: none"> • Types of technologies, with it currently proposed ASHPs and Bioliquids potentially included; • Tariff levels; • Treatment of AD facilities that currently receive incentives for renewable electricity under the NIRO; • Eligibility of the heavy industrial sector (defined as those sites classified under the EUETS); and • Co-firing within the heavy industrial sector.
Action required:	Request to deliver a final draft version of the Northern Ireland Renewable Heat Incentive Regulations.
Date Required By:	<p>There will be various deliverables expected throughout this piece of work;</p> <ul style="list-style-type: none"> - By w/c 29 August - Revised Regulations to take account of the recent GB revisions and to ensure that the regulations apply fully to Northern Ireland drafting norms and practices. - By w/c 26 September – Revised Regulations to take account of specific issues included in NI RHI, as per the consultation document. This will require consultation with DETI. - By w/c 7 November – Final draft Regulations following public consultation and decision on final policy design. Final regulations will need to be drafted in consultation with Ofgem and Ofgem legal advisors will need to vet and clear final draft.
