Peter

A good piece of work. I have a few questions and suggested changes. My first meeting on Monday is 10am - could you pop over when you get in for a word so that you can then get this away on Monday.

Thanks

Fiona

Subject: State Aid Addendum

Fiona,

See attached addendum to the State Aid application, slightly (considerably) longer than expected due to Annexes.

I have included all the proposed bands, another approach would be to exclude the 0-20 bands as they will be for domestic customers and not introduced until phase 2. I have however included all the tariffs and made reference to the fact that the 0-20 band will be for domestics and commercial will be 20+. Can revise if needed.

Haven't shared this with Sam, may need to get him to run his eye over it on Monday before it issues?

Updated table of tariffs below with comparisons, as requested.

Thanks,

Peter

| Technology | Size | Proposed tariff | Equivalent tariff in July 2011 consultation | GB equivalent tariff |
|------------|----------------------------------|-----------------|---|---|
| Biomass | Less than 20kWth | 6.2 | 4.5 | [1] Tier 1: 7.9 Tier 2: 2.0 |
| | Between 20kWth and 100kWth | 5.9 | [2] 4.5 | Tier 1: 7.9 Tier 2: 2.0 |
| | [3] Between 100kWth and 1000kWth | 1.5 | 1.3 | [4] Tier 1: 4.9 Tier 2: 2.0 <i>DECC has a tariff of 1p for installations over 1000kwth- no such tariff in NI.</i> |
| | Biomethane all | | | |
