Subject: Consultation on Guidance Notes
Date: 05 September 2012 10:58:21

Fiona

Further to our discussion - just to confirm position re consultation on Guidance Notes

We will go ahead with a consultation event but we do not need to seek approval or run for 12 weeks because we are only consulting on guidance notes – the policy/regs have already been the subject of a full consultation.

Therefore the Consultation will run from 20 Sept – 18 Oct – that is four weeks.

We will have 2 events for Stakeholders – one in Netherleigh and the other somewhere West – Cookstown?

These will be on the 25th and 26th Sept. This is a very tight timetable but we will issue e-mail to stakeholders advising them of the event prior to the start of the consultation i.e. week commencing 13 Sept.

After the 18 Oct – we will have a couple of weeks to address any issues prior to the notes being published on our website and used by Ofgem (assuming the scheme does go live end Oct/start Nov).

Are you content?

Thanks

Joanne
