---

Keith,

I have attached a table below detailing the number of applications under the Premium Payment Scheme to date;

| Technology              | Total      | %  |
|-------------------------|------------|----|
| Air Source Heat Pump    | 36         | 12 |
| Biomass Boiler          | 101        | 32 |
| Ground Source Heat Pump | 31         | 10 |
| Solar Hot Water         | 141        | 45 |
|                         | <b>309</b> |    |

In addition to the number of applications there is probably double the number in terms of phone calls/queries. The scheme was launched on 24 May and to date has had little advertising other than Ministerial PR.

If you need further information let me know.

Thanks,

Peter

**Subject:** Renewable Heat Premium Payment Scheme

Hi Joanne, Peter

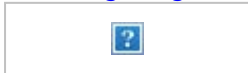

Quick question, do you have any figures as regards the uptake of the Northern Ireland Renewable Heat Premium Payment Scheme? The reason that I ask is that as this is the forerunner of RHI we will need to be clear on the take up as the assumption is that these will generally move over to RHI.

I am available this afternoon if you would like to give me a call to discuss.

Rgds

Keith
