Fiona

At the end of our telephone conversation with Keith we highlighted that the formula didn't appear in the letter or agreement and I thought he was going to put in. I can't see it in the new documents (may be missing it) although it is in the scoping paper. You may be content with this – it does say that the charging will be agreed – but just want to draw your attention to it.

See you Monday.

I am content with the proposed changes - they are relatively minor and all the key points seem to be retained. Also content with the proposal to put in an annex to the agreement - this is preferable to having in a cover letter

Thanks
