Joanne

I refer to the above and to your e-mail to Paul McGinn dated 3rd September 2012.

Paul has now allocated your e-mail to me to deal with on your behalf given that I have already worked on aspects of this area such as looking at your draft Regulations and so on. I note that I was actually copied in to your e-mail to Paul but for some reason it didn't reach me as it never appeared on my system.

I will have a look over the draft agreement and come back to you with comments as soon as I can. It might not be this week as I am only in the office today and then out again until next Monday.

I will be in touch

Kind regards

Nicola
