Aidan

Please see response below from my colleague in DETI Energy:

As discussed, in response to the Assembly Researcher's request there have been changes to the draft regulations published along with the consultation in July 2011. I would expect the copy he considered in April 2012 had these changes, however, they might be technical/legal and minor in detail.

The regulations are undergoing ongoing changes through discussions with legal advisors and Departmental Solicitors and remain in a draft format until we get approval from the EU Commission regarding the RHI scheme.

David,
Further to our conversation, I have a query regarding the Renewable Incentive Regulation (Northern Ireland).
Have the draft regulations been updated since the version contained in the July 2011 Consultation?
And if so, could I get a copy of the updated draft?
As far as I can determine, the version considered by the Committee on the 19 April 2012 was the same version.

Thanks,
Aidan
