RE: Draft SR Renewable Heat Incentive Scheme Regulations (Northern Ireland) 2012

I am back in the office today and will turn my attention to these draft Regulations.

I have looked at them and at the similar regulations for Great Britain made under the similar powers in the Energy Act 2008. I have also noted that the Joint Committee raised no points on the GB Regulation.

I have no points to raise on the draft Regulations by way of technical scrutiny. I will simply list them in the Appendix to my next report (24 October 2012).

I hope that that is helpful to the Committee.

Regards

Gordon

Gordon Nabney
Examiner of Statutory Rules

Gordon,

When you have made a decision, please let me know if you will be reporting separately on this so that I can advise the Committee accordingly.

Thanks,

Jim

Jim

We are hoping to have this debated in the House on 22 October. This will obviously be subject to the Committee and the Examiner being content.

The next Examiner's report is not due until 24 October but Colleagues are contacting him to see if he would be prepared to report to the Committee separately on this one.

Would you confirm that this can be considered on the 18th and advise if the Committee would be content to clear (assuming they are) subject to the Examiner's report.

Thanks for your help.

John

As requested, please find attached a copy of the Regulations and the EM which was laid at the assembly on Tuesday 9 October.

Many thanks

Susan
