Andrew

Please find herewith my more detailed comments on the statement, which is tight and reads well. Most of them are minor and presentational, but the paragraph that doesn't seem to quite hold together is the one about the delay being "clear evidence" of third party intervention. I'm not quite sure the evidence as expressed goes that far - I think it's just a summarising issue you might want to have a look at.

I hope this is helpful - as said before, please share with the others at the meeting whose e-mails I don't have if useful.

Best regards

Claire
