Tim Cairns	Andrew McCormick	2016.12.18 17:50	Myself and JB had a discussion about RHI that night in the Indian restaurant in london as well. He was quite bullish that decisions would be his. Sean and myself felt a little awkward!
Andrew McCormick	Tim Cairns	2016.12.18 17:53	Not for the first or last time. . . Very interesting. Many thanks.
David Sterling	Andrew McCormick	2016.12.18 18:39	Have you seen the text of the SF motion? To be undertaken by an independent judicial figure appointed by the AG ... and to produce a preliminary report within four weeks and full report within three months of that. Upping the ante
David Gordon	Andrew McCormick	2016.12.18 19:13	Just had my latest paranoia moment. There was definitely a publicity campaign to increase RHI uptake in 2014?? I definitely read that somewhere
Andrew McCormick	David Gordon	2016.12.18 19:15	Yes because of the low uptake. That was then and this is now. . .
David Gordon	Andrew McCormick	2016.12.18 19:15	Indeed
Andrew McCormick	Brendan McCann	2016.12.18 19:51	Maybe your not able to pick up the email traffic but hope you are okay with the stuff re Janette

Brendan McCann	Andrew McCormick	2016.12.18 23:20	Andrew,just read them and I'm content. Brendan
Andrew McCormick	Richard Bullick	2016.12.18 23:58	I feel I need to say one last time that my broken record point should be a showstopper. The investigation will find too much that will JB had a point re last summer. The January combination of me at the PAC and John Crawford's name looks like too big a risk to me. Either you must have a super plan tucked away, or you must have concluded there is no way to manage. Hope I'm wrong!!
Richard Bullick	Andrew McCormick	2016.12.19 00:02	A, thanks for this - I thought following discussion yesterday the emerging pic was that JB was a passenger who watched on as discussion took place with TC and officials- he did not oppose change in date - TC made reference to party but at our end there was no ministerial role in the matter though clearly TC was speaking to others in the party. That is the basis on which I have been drafting.
Andrew McCormick	Richard Bullick	2016.12.19 00:10	The draft is all true but misses the fact that AC's influence was decisive and I fear that saying JB should have stood up to him won't be enough. It's not what it is it's what it looks like. Sorry need some sleep!
Richard Bullick	Andrew McCormick	2016.12.19 00:14	Me too ! Talk in the morning
Andrew McCormick	Malcolm McKibbin	2016.12.19 06:48	11 th hour. I have sent Richard Bullick an insert for the statement that would tell the truth about the delay.
